

ORANGE POWER DEGREASER

NOVEMBER 8, 1993

PRODUCT DESCRIPTION

CONTENTS

Orange Power Degreaser is a non-toxic, non-petroleum liquid cleaner and degreaser that contains a citrus solvent, surfactants, and emulsifiers. Contains no caustics, acids or petroleum distillates.

USES

Used as a replacement for petroleum cleaners and degreasers. Cleans and degreases motors, parts, equipment as well as concrete, masonry and metallic surfaces. Degreases and deodorizes drains, sewers, dumpsters and compactors. Removes scuff and rubber tire marks as well as many industrial glues.

ADVANTAGES

Less hazardous than petroleum distillates, chlorinated solvents or butyl cellosolve. Leaves a fresh citrus fragrance. All detergents or emulsifiers are completely biodegradable. USDA authorized. Excellent graffiti remover.

CHARACTERISTICS:

Color:	Orange
Package:	5 Gal. Pail
Coverage:	200' Per Gal. (Undiluted)
Fragrance:	Citrus
Solvent:	Water
Ph:	5.0
Density:	7.7 Per Gal.
VOC:	0 g/l
Specific Gravity:	.929
Flash Point:	121°F TCC
Shelf Life:	1 Year Min.
D.O. T. Label:	None

COMPOSITION:

Glycol Ethers:	2.7%
Water:	Proprietary
D- Limonene:	Proprietary
	100%

PRODUCT APPLICATION

SURFACES

Apply to concrete, masonry, metal, wood or glass. Avoid plastic, rubber, and/or painted surfaces. Not for use on asphalt without immediately applying Blue Nitro Cleaner over Orange Power application before thoroughly rinsing.

PREPARATION

Test on an inconspicuous area before general use. Do not use in conjunction with acidic drain openers. Mix 3 to 1 with water into thick liquid for use as graffiti remover.

APPLICATION

Apply undiluted or prediluted with water up to 2 oz. per gallon. Scrub as necessary with brush or floor machine. Rinse thoroughly. Pick up with mop and wringer or wet pick-up vacuum. NOTE: May damage some plastic, rubber, and/or painted surfaces. Test before use.

CLEAN-UP

Clean application tools and equipment with detergent and water.
